

# Annual index to contents

Volume 155, January 1 to June 15, 1982

The first figure is the issue number found on page 3; the second is the page number. Entries followed by words in parentheses indicate that the material appeared in one of the magazine's departments.

## Production and propagation

Acclimatizing tropical foliage plants	1:89
Air sprayers	8:81
Books for young propagators (Propagation for beginners)	4:102
Boron toxicity—Overcoming damage on rhododendrons	11:60
Boron toxicity—Symptoms and suspected causes	11:53
Carlton Nursery	2:73
Christmas tree farms	6:115
Common rooting agent shows promise	12:25
Conserving body movement	7:45
Container to site—Helping plants adapt	2:97
Controlling plant growth—Heat (Propagation for beginners)	8:92
Controlling plant growth—Light (Propagation for beginners)	10:64
Controlling plant growth—Water (Propagation for beginners)	6:122
Costs of growing shrubs in containers	2:32
Costs of growing trees in the field	2:42
Daily Journal (Propagation for beginners)	2:14
Does nitrogen outweigh phosphorus in influence on plant growth?	11:45
Drip irrigation systems	10:31
Energy conservation in the greenhouse	1:61
Evaluating solar energy for pasteurizing soil	11:33
Getting and keeping the right water	2:99
Greenleaf Nursery's Texas division	2:54
Growing herbaceous perennials	7:81
Growing, shipping and selling plants in the Northwest	7:90
Handling plants efficiently	10:19
Heating greenhouses	1:60
How Cotonaster cuttings respond to nitrogen and potassium treatments	8:46
Improving rooting during propagation	1:67
Learning from the vegetable industry	8:51
Monrovia acquires new soil mixing plant	2:113
Mycorrhizae may save fertilizer dollars	2:79
Operating and maintaining equipment more efficiently	11:67
Overwintering bare-root and balled dormant plants	1:53
Overwintering perennials as bedding plants	10:45
Producing poinsettias	6:54
Producing superior trees and profits	7:85
Propagation and production techniques	5:69
Protecting shade trees from temperature and water stress	8:73
Rebuilding nursery soils	4:81
Related propagation topics	12:64
Root functions aid transplanting	3:77
Soil tests show how to fertilize field stock	7:87
Slow-release fertilizers	2:89
Water, heat and light (Propagation for beginners)	12:76
What makes a good rooting compound?	8:33

## Exterior landscaping

Energy consumption in the landscape	3:60
Landscape contractors present awards	9:76
Landscaping in urban areas—Bachman's approach	10:28
Mulches make areas more livable	9:61
New approach to energy conservation	3:67
Planting rhododendrons in Midwestern landscapes	12:39
Plants for energy conservation	9:89
Professional liabilities and responsibilities in landscaping	8:55
Recycled relics add to landscapes	10:43
Residential landscape design	
Contrast in landscape	3:91
Looking for clues	9:107
Rhythm in the landscape	11:37
Using symmetry	5:97
Selecting landscape timbers	9:103
Understanding soil stress	10:23

## Interior landscaping

Acclimatizing tropical foliage plants	1:89
Handling and shipping tropical foliage plants	1:81
Lighting techniques for interior landscapes	5:87
Managing interior landscape maintenance firms	7:55
Pest control for interior landscapes	3:97

## Garden centers and retailing

Christmas budgets	6:67
Christmas preview	6:35
Evaluating solar energy for pasteurizing soil	11:29
Leveling sales	7:49
Marketing strategies	5:103
Merchandising tips for peak periods	8:89
Poinsettia display tips	6:54
Silk flower arrangements	6:63
Traditional Christmas decorations and modern merchandising	6:36

## Management

Anticipatory purchasing	12:35
Christmas budgets	6:67
Costs of growing shrubs in containers	2:32
Costs of growing trees in the field	2:42
Curtailing losses through monitoring discounts	3:115
Dealing with the soft market	6:118
How I trained a nursery computer	4:67
How to buy a nursery computer	4:63
Incidents of managerial leadership	
Avoiding workplace scheduling problems	7:61
Interviews for wise hiring decisions	10:37
Turning employees into problem solvers	1:97
Managing interior landscape maintenance firms	7:55
Nursery industry needs new selling strategies	10:59
Protection against employee theft	4:99
Reducing telephone costs	8:85
Reducing the risks in buying a computer	11:43
Telegram collection for delinquent accounts	1:101
Telephone collection for tardy accounts	10:55

## Pest, disease and weed control

Air sprayers	8:81
Bagworms (Pest control)	2:122
Chestnuts may benefit as gypsy moths thin out oaks	12:74
Controlling nematode damage	4:85
Controlling Phytophthora diseases	11:49
Controlling weeds—Herbicide basics	5:29
Controlling weeds—Herbicide recommendations	5:50
Controls sought in China (Pest control)	7:108
Curing mountain laurel chlorosis	4:91
Fungicides for Phytophthora dieback control	7:73
Herbicide use (Weed control)	4:110
Identifying and controlling insects in the landscape	12:47
Pest control in Christmas tree plantations	6:105
Pest control in interior landscapes	3:97
Pest control in the Northwest	3:105
Plant diseases	
Azalea disorders	5:77
Crown gall	3:113
Web blight of ornamentals	1:105
Pseudomonas syringae (Disease control)	11:95
Rust fungi (Disease control)	10:74
Spray treatment calendar for disease control	10:49
Tree pest control calendar	5:104

## Plants and recommendations

'Chesapeake'—A new compact Viburnum	7:39
Cultivars of the past contribute to landscapes	1:72
'Eskimo'—A new compact Viburnum	9:73
Four plants win All-America honors	12:31
Great elm debate—Siberian vs. Chinese	4:75
Ground covers offer beauty and practicality	9:60
Hill's Japanese honeysuckle—A real hustler	11:33
Low-maintenance perennials	9:66
New crappie myrtle crosses bear striking bark	5:63
Planting rhododendrons in the Midwest	12:39
Potentilla varieties for the Midwest	3:83
Trees introduced into cultivation before 1900	8:82
Winning 1983 roses	9:55

## General topics

Bedding plant sales for 1981 are mixed	9:57
Christmas trade reports	
Christmas tree growers and wholesalers	6:91
Garden center operators	6:69

Construction injury	12:53
Creating a city forestry program	4:97
Helicopter lifts rhododendrons out of muddy fields	8:79
Image of the nurseryman—The early years	3:41
Image of the nurseryman—Modern times	4:47
New shipping techniques for overseas markets	11:85
Plants can modify the environment	12:43
Spring flower shows	9:25
Long Island	9:33
New England	9:28
New Hampshire	9:26
New Jersey	9:39
Omaha	9:51
Philadelphia	9:43
Southern Living	9:47
Vermont	9:27
Standardized product code	8:43

## Volume 156, July 1 to December 15, 1982

The first figure is the issue number found on page 3; the second is the page number. Entries followed by words in parentheses indicate that the material appeared in one of the magazine's departments.

### Production and propagation

Acclimatizing plants produced by tissue culture	6:31
Adding mycorrhizal fungi to plants	6:67
Alternative container growing methods	11:81
Breeding for tree improvement	1:179
Cost analysis of adding a microculture facility	1:171
Defoliating trees before digging	8:37
Efficient production ideas	5:97
Ground pine bark in micronutrient applications	4:43
Guide for small potting machines	7:40
Hawaiian nursery exports	5:73
Hawaiian nursery industry	1:97
Hawaiian nursery tour	5:36
Healthy root systems	6:73
Holmann Nurseries	10:84
Identifying vegetative maturity	6:35
Irrigation for the future	9:65
Melfert system	4:37
Nets serve many functions	2:57
Overwintering nursery stock	9:97
Phillips Tree Farms	8:47
Predicting plant development with models	8:85
Programmed plant development	7:29
Propagation structures (Propagation for beginners)	4:84
Rooting aid: heat (Propagation for beginners)	11:94
Rooting cuttings with ethaphon	2:81
Rooting media (Propagation for beginners)	6:82
Seven treatments on rooting softwood cuttings	11:85
Slow-release fertilizer and capillary watering	4:24
Sprayer speeds weeding	6:65
Sulfur for lowering pH of media	2:71
Timing in rooting (Propagation for beginners)	9:108
Types of cuttings (Propagation for beginners)	7:96

### Exterior landscaping

Benefits and limits of fall planting	8:31
Cutting landscaping losses	8:77
Hawaiian landscape tour	5:39
Honolulu eyecore gets face-lift	4:51
Landscape design for energy conservation	9:93
Landscape quality control	2:39
Marketing landscape products and services	11:73
Residential landscape design	
Elements of a theme	6:55
Human scale	2:31
Successful transplanting is easy	2:43
Transplanting success depends on roots	7:65
Tree maintenance problems	8:69
Interior landscaping	
An industry comes of age	10:29
Basic maintenance of interior landscapes	10:63
Controlling pests in interiors	10:91
Growing Green Inc.	10:99
Holmann Nurseries	10:84
Interior landscaping at the Hyatt Regency Chicago	10:122
Interior landscaping industry—Dimensions	10:30
Light requirements for interior plants	11:39
Lighting techniques for interior landscaping	10:167
Professional office landscape design	10:51
Selecting interior landscape containers	10:75
Six award-winning interiors	10:58
Ten most popular plants used in interior landscaping	10:72
Women in interior landscaping	12:39

### Garden centers and retailing

Budget system for controlling labor costs	5:92
Christmas at Campbell's Nursery	3:77
Christmas at Cornelius Nurseries	3:40
Christmas at Dundee Nursery	3:113
Christmas at Fairfield Garden Center	3:57
Christmas at Flowerwood Nursery	3:99
Christmas at Frank's Nurseries	3:31
Christmas at Lexington Gardens	3:99
Christmas at North Haven Gardens	3:63
Christmas at Presidio Garden Center	3:83
Christmas at Windsor Landscaping	3:105
Folklore festival at H. E. Nursery	11:44
Garden center merchandising programs	5:69
Merchandising with limited store space	6:55
Reducing labor costs without cutting service	5:83
Sagging sales need diversification	7:73
Management	
Budgeting for controlling labor costs	5:92
Cost analysis of adding a microculture facility	1:171
Management skills	9:87
Marketing landscape products and services	11:73
Microcomputers and off-the-shelf programs	9:54
New tax laws	11:65
Nursery computer experience	11:77
Planning new business strategies	6:51
Predicting plant development with models	8:85
Sagging sales need diversification	7:73
Sales forecasting defined	4:41

Seniority or merit?	8:41
Sources of money	2:61
Wholesale changes	9:79

## Pest, disease and weed control

Canker threatens honey locusts	8:51
Controlling pests in interiors	10:91
Controlling Midwestern pests	1:183
Diagnosing foliage plant diseases	9:72
Disease prevention program	9:101
Herbicide spraying on rights-of-way	9:104
Interior pesticide applications (Pest control)	6:92
New weapons against gypsy moth	1:107
Rhizoctonia aerial blight	4:75
Sprayer speeds weeding	6:65
Using nematodes in pesticide (Pest control)	5:128
White birch susceptibility to bronze birch borer	11:61

## Plants and recommendations

Eleven excellent crab apples	7:90
Hawaii's plant life	1:70
Plants for the Great Plains	7:57
Plants for low-water situations	7:33
Plants for Ohio landscapes	7:37
Plants for the upper Midwest	7:45
'Prairie' crab apple	7:89
Three lookalike conifers	11:53
'Tuscarora' crape myrtle	2:69

## General topics
